

My Professional Development Goals

Directions: In the spaces provided, set professional goals and action items related to the specific strategy.

1. Learn

Set learning goals for the next year. How are you going to accomplish these goals? What courses will you take? What meetings will you attend? Who would I follow on LinkedIn?

2. Ask

Identify go-to experts or senior staff you intend to meet over the next 3 months. Write their names, titles and departments below. Then set-out to get introduced and engage in conversations about their work.

3. Network

Set networking goals for the next year. Who do you want to meet outside of your work environment? What networking events will you attend? Then start networking so you can begin to appreciate all the phases of the sponsored project lifecycle.
